

Victor[®]

Pro Series

Value and Performance

Speed provides flexibility

At 300 rpm the ProSeries machines provide the flexibility to carry out most hard floor cleaning tasks. Fit the optional tank for scrubbing or bonnet mopping or change to pads to carry out stripping, scrubbing, mark removal, buffing and spray cleaning.

Re-designed to for operator benefits

The Pro Series has been re-designed to feature an offset motor to provide additional comfort in use especially when using a tank. The new ergonomics make the machine the most comfortable to use Victor yet.

Available in two sizes

The Pro Series is still available in two sizes, the 400 mm (15") or 450 mm (17") Pro17.

Delivered Ready for use

The Pro Series machines are delivered fully assembled and ready to use. Furthermore, there are no large boxes or other extreme forms of packaging of which to dispose, making the Pro Series and Victor more environmentally friendly than some manufacturers. A drive board is included so just attach the appropriate pad and start cleaning.

Priced for your budget

The Pro Series offer extreme value and functionality making them excellent all round machines.

The Pro Series of rotary machines offers unrivalled value and performance across a range of hard floor cleaning tasks including buffing, spray cleaning, scrubbing and bonnet mopping.
