# Sprite 300

**Compact  
Versatility**

## **Versatile**

The Sprite 300 is one of the most versatile machines on the market today, the compact size and low profile allows it to be used in the tightest of areas. Its speed gives the operator the opportunity to carry out a number of cleaning tasks on both hard floors and carpets. The Sprite 300 is very effective on hard floors when scrubbing, stripping, spray cleaning, buffing and hard floor bonnet mopping whilst it can also be used to shampoo carpets.

## **Full range of accessories**

As you would expect from such a versatile machine a full range of accessories is available for the Sprite 300. These include tanks and a wide variety of brushes, polypropylene for scrubbing, gumati brushes for polishing and shampoo brushes for use on carpet.

## **Easier Storage and Movement**

The Sprite 300 features a foldover handle allowing it to be stored in the smallest of spaces. The brush hook on the rear of the handle provides convenient storage for either a brush or drive board.

The Sprite 300 offers ultimate cleaning performance and versatility in a convenient size for use where conventional machines are too large.

The Victor logo is written in a stylized, red, cursive font with a white outline and a registered trademark symbol.
