

SD12 SCRUBBER DRYER

Compact 12l Walk Behind

The SD12 Super compact scrubber dryer benefits from a slimline body and a fold over handle which make it incredibly easy to store and manoeuvre around tight spaces such as retail environments or washrooms.

The SD12 is the ideal compact scrubber dryer for cleaning surfaces from 250 - 500 m² and can clean up to 1600 m² on a single charge.

The front mounted brush head increases visibility in operation allowing the operator to see their working area, in addition to being able to get the brushes closer to corners and edges.

The patented two toothed brushes has simplified the transmission to a single motor, thus increasing productivity and reducing costs.

The SD12 has been designed to be simple to maintain. Routine maintenance tasks such as squeegee replacement, cleaning the clean-water filter and replacing brushes is fast and easy. The wide opening of the recovery tank makes with easy to access and clean.
