

# SlipStop®

**THE WORLD'S 1ST COMBINED LEAK COLLECTION UNIT & HAZARD SIGN**

## SLIPSTOP® LEAK COLLECTOR

Hazard sign and leak collection unit in one

Leaks in public spaces can create numerous health and safety risks for both visitors and staff. These risks not only include slips, trips and falls for the public, it also puts businesses and organisations at risk of liability claims.

The SlipStop® range is a wide funnel leak collector, designed to minimise slip hazards, by collecting water from leaks efficiently, whilst acting as a high visibility wet floor sign.

The leaking water is funnelled into the SlipStop® collection bucket, which contains the SlipStop® Absorb Liner, absorbing the water and removing the hazard.

SlipStop not only manages risks more effectively, but provides a much tidier and more professional appearance.

- ✓ Safely collects leaks to prevent slips
- ✓ High visibility design prevents trips

Available In

**SlipStop® 65**  
SlipStop 65 can be flat packed for convenient storage.

**SlipStop® Cone**  
The SlipStop Cone can also be stacked for efficient storage.

LEAK COLLECTION RANGE

Key features

**Super Absorbent Collect Liner**  
Each Liner contains an absorbent pad with capacity of 2.5l. When water reaches the liner, it becomes absorbed, removing the hazard.

**Easy store**  
Both SlipStop® designs are easy to store. 65 packs flat, but takes seconds to assemble. SlipStop® Cone is stackable - making both designs easy to store when not in use.

**Superior Collection**  
Wide funnel design efficiently collects leaks without water escaping.

**High Visibility**  
Contemporary design and high visibility helps improve visitor safety and maximises your professional image.
